Delhi Township Business Spotlight: Spero Health Opens Clinic in Delhi Township

Cincinnati, OH – March 30, 2022 – Delhi Township elected officials welcomed Spero Health to the community at a ribbon-cutting last month, of which marked the official opening of their newest clinic located at 5310 Rapid Run Road.

Delhi Township elected officials, pictured with Spero Health staff, members of the Cincinnati Chamber of Commerce and other community leaders; celebrating the opening of the Delhi Township clinic location.

Spero Health, Inc. is an integrated healthcare services organization specializing in local and affordable drug and alcohol addiction treatment for individuals suffering from substance use disorders.

Recognized as one of the largest office-based opioid treatment providers in the country, Spero operates out of more than 70 freestanding outpatient clinics located throughout Kentucky, Ohio, Indiana, Virginia and Tennessee, and has helped more than 25,000 patients with their journeys to recovery.

Spero Health's approach to recovery – to provide local, affordable, comprehensive outpatient care all under one roof and designed for each individual patient - has been proven most effective for treating opioid and other substance use disorders. Services are covered in-network with Medicaid and most commercial insurance plans.

Delhi Township is excited to partner with Spero Health on addressing the opioid epidemic in our community. Contact Spero Health to learn more about their program:
