Who is o2 Urban Farms? It is the workforce development program, part of the Ken Anderson Alliance, designed to teach transferable job skills to adults with disabilities to prepare them for competitive integrated employment opportunities with community businesses. Individuals enrolled in the program learn about the hydroponics growing system, harvesting, packaging and selling product to customers. They offer for sale an artisanal blend of lettuces, as well as a single lettuce variety, in 4-ounce and 9-ounce package sizes.

You can also purchase their lettuce from their local business partners: Just Brew Coffee House locations in Silverton and Harrison, Victor's Wine on Cheviot Road, Humbert's Meats in Delhi Township, Madison's at Findlay Market and Westside Brewing in Westwood; and you will also find their lettuce on the menu at the Ivory House in Cheviot.

We are very excited that o2 Urban Farms has chosen Delhi to operate their training facility. You can stop by their facility during regular business hours on Monday, Tuesday, Wednesday, and Friday, from 10 AM to 2 PM, to see their grow room and purchase freshly harvested lettuce. If you are interested in partnering with o2 Urban Farms by purchasing bulk lettuce or selling retail packages, contact Jason Taylor.
